& please underline which  
And use for new sites in 2020

Name: \_\_\_\_\_

**SO/SJ** Grid Reference

in

**TETRAD**

Thomas Bewick (1753-1828)

Lists of 1975/6 and 2008 sites, numbers and grid references are at [www.lanius.org.uk/rookeries](http://www.lanius.org.uk/rookeries)

Date of visit:

Number of nests counted:

Nests can sometimes be difficult to count, especially in pine trees.

Please score the accuracy of the nest count 0-5 (5 = best)

**If the rookery was not found at its previous grid reference, please -**

1. Search for the colony in suitable trees, within 1km radius
2. If you *cannot* find the relocated colony, and it appears to be 'dead'  
please tick this box:

3. If you *do* find the relocated colony:

a. Its grid reference is now: **SO / SJ**

b. The nest-count is now:

c. The accuracy of the nest-count:  0-5 as above
